

CHAPTER 12 VOCABULARY WORDS:

THERMAL ENERGY TRANSFER DRIVES PLATE TECTONICS

1. Continental drift theory
2. Paleoglaciation
3. Tectonic plates
4. Volcanoes
5. Earthquakes
6. Mid-Atlantic Ridge
7. Magnetic reversal
8. Paleomagnetism
9. Magnetic stripping
10. Magma
11. Spreading ridge
12. Sea floor spreading
13. Hot spot
14. Plate tectonic theory
15. Crust
16. Lithosphere
17. Mantle
18. Outer core
19. Inner core
20. Asthenosphere
21. Mantle convection
22. Rift valley
23. Ridge push
24. Subduction
25. Subduction zones
26. Slab pull
27. Plate boundary
28. Divergent plate boundary
29. Diverging plates
30. Convergent plate boundary
31. Converging plates
32. Trench
33. Volcanic belt
34. Volcanic island
35. Faults
36. Transform fault
37. Focus
38. Epicenter
39. Seismic waves
40. Seismology
41. Surface waves (L-waves)
42. Primary waves (P-waves)
43. Secondary waves (S-waves)
44. Seismometers
45. Seismogram
46. Magnitude
47. Composite volcanoes
48. Shield volcanoes
49. Rift eruptions
